- Colored Pencils
- Pencils
- Pencil Sharpener
- Scissors
- Glue Sticks
- Erasers
- Dry Erase Markers
- Paper

## Optional Things to Keep in Home Learning Space (for hands on activities)

- Playdough
- Watercolor paint
- Construction Paper
- Legos
- Beads
- Letter Tiles/Magnetic Letters
- Wikki Stix/Pipe Cleaners
- Headphones

## Things to Consider When Setting Up a Home Learning Space

- If possible, make a designated space for remote learning
- Make sure that space is comfortable, away from distracting noises, organized/clutter free, and well lit
- Make it fun by hanging up completed work/projects and drawings
- Create a space for supplies that students can access independently
- Consider alternative seating options (wobble stools, pillows on the floor, lap tray, exercise ball) if your child likes to move around
- Hang up their daily schedule and even sight words, the alphabet, and a growing number line

Here are some wonderful examples of home learning spaces:
